

Edge Node Companion App

Your Easiest Edge Node Setup Starts Here

No more sifting through extensive documentation. We've made it easier than ever to get your Edge Node up and running smoothly. The Edge Node Companion App walks you through each step of how to install and configure your Edge Node when connecting to Orchestrate.

With the Edge Node Companion App, you can expect:

Guided Instructions

Follow intuitive, step-by-step directions that eliminate guesswork.

Streamlined Setup

Accelerate your deployment times with a simplified process.

Simplified Deployment

Empower your team to complete Edge Node configurations with ease.
